Think of some questions to ask your classmates. Note that I also want you to write a sample answer. Just make something up.

Remember to create both 1) “Yes/No”, and 2) Information (Wh-/How) questions. Refer to your notes and also have a look at the page 4 “...Questions and Answers” yellow box for examples.

Note that the first two are already done for you; this is to show how it’s done. You don’t have to do all twenty, but do **at least 12** (up to #14). This sheet should help you when practice conversation with classmates.
